

HAPPY TERM 2!

And Welcome Back :)

WHO WE ARE

We are part of an international organization made up of professionals, academics, students, and general community members.

Specifically, we are a student run organization dedicated to advancing the science and practice of conserving biological diversity

We aim to promote the scientific study of the phenomena that affect the maintenance, loss, and restoration of biological diversity.

HOW SCB WORKS

Sustainability
& Issues

Education

Fundraising

BENEFITS OF JOINING SCB

- Flexible time commitment
- Resume booster: build a diverse skill set with leadership, public speaking, marketing, graphic design, project management, teaching, teamwork, etc.
- Work directly with upper years and a faculty member
 - Networking opportunities
 - Reference letters
- We are fun people with fun socials ahead!
- You can have a meaningful role in your position

EXECUTIVE TEAM

Ashley Concessio

Co-President

Fourth Year Biology

Georgina Preston

Co-President

**Fourth Year Environmental
Science with GIS**

OUR COMMITTEES

EDUCATION

Tazmin Holy

Third Year Biology

EDUCATION CO-CHAIRS

Sasha Main

Second Year BioMath

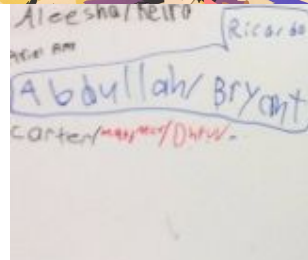

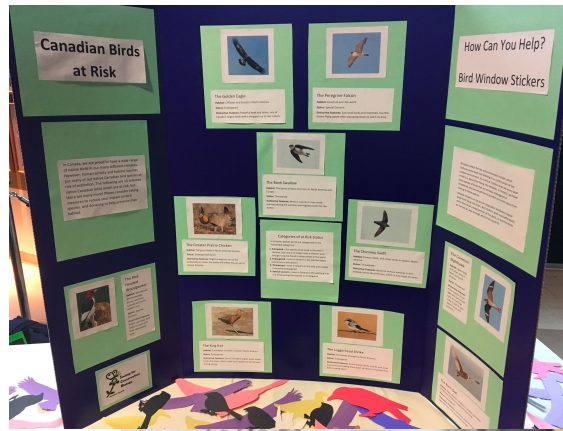

OUR MISSION

- To design fun, interactive and informative programs for elementary school students
- To use our knowledge of conservation and other important environmental issues in order to educate the leaders of tomorrow
- To create lasting relations with students and teachers alike
- To bring periodic educational workshop opportunities to students here at Queen's in order to increase interest in conservation biology

WHAT WE DO!

- Classroom Etiquette Meetings
- Classroom Visits!
 - Real teaching opportunities!

EDUCATION UPDATES

- Last semester was a HUGE success
- How are we building on this?
 - Contacting new schools within walking distance
 - Contacting classrooms from last semester
 - WE ALREADY HAVE DATES
- Facebook page is where we communicate with members:
 - Join Society for Conservation Biology Education Committee 2017 - 2018 to stay up to date!

Tazmin Holy created a poll.

January 12 at 1:55pm

Hey everyone!! The semester is already off to a busy start and we've had several schools email regarding their interest in our programs!!! Mulberry Waldorf (a school we visited last semester) would like us to come back to run the Environmental Step program with their grades 1 and 2/3 class (running one program for both of those classes, as that will comprise only 18 students total)!!! Please vote on the pole below and if none of these times or dates work for you, comment with an alternative suggestion!! 😊🌱🌸💖

<input type="checkbox"/>	Friday January 19th 1:55 pm -2:55 pm	 +1
<input type="checkbox"/>	Friday January 19th 11:30 am-12:10 pm	+2
<input type="checkbox"/>	Friday January 26th 11:30 - 12:10 pm	+2
<input type="checkbox"/>	Friday January 26th 1:55- 2:55 pm	 +1
<input type="checkbox"/>	Tuesdays 1:55- 2:55 pm	
<input type="checkbox"/>	Thursdays 11:30 am- 12:10 pm

SUSTAINABILITY & ISSUES

SUSTAINABILITY & ISSUES CO-CHAIRS

Elise Bishop

**Fourth Year Environmental
Geography with GIS**

Minoli Dias

**Second Year Environmental
Science**

OUR MISSION

- To educate the Kingston community about local conservation issues, the science of conservation biology, and directly contribute to conservation efforts
- Help to develop environmentally sound policy in the Kingston community
- To ultimately make Queen's, Kingston, and Ontario more environmentally sustainable

WHAT WE DO

- Biosciences Native Garden
- Bring in guests to speak to the community about conservation
- Lead events, campaigns, and initiatives to promote sustainability
- Encourage members of the community to connect with the environment we're trying to conserve by planning nature hikes and outdoor events

S/I UPDATES

FUNDRAISING

Rachel Andolfatto

**Fourth Year Environmental
Science with Geography Minor**

FUNDRAISING CO-CHAIRS

Maddy Healey

**Second Year Biology with
GIS**

Jill Mulveney

**Fourth Year Environmental
Biology**

OUR MISSION

- To design innovative and exciting fundraising events that foster conservation awareness while also raising funds
- These funds are used to finance SI and Education programming, as well as to donate to other conservation causes
- Engaging with the community and creating a connection between individuals and issues, all in the service of conservation

WHAT WE DO

- Graphic designing and advertising for Fundraising, Education, and SI events
- Marketing SCB and gathering membership
- Applying for grants from other organizations
- Planning creative fundraisers, including:
 - Succulent Sale
 - Halloween Bake Sale
 - SCB Cookout
 - Valentine Coffeehouse
- Organized the UN Sustainability Conference last term
- Organize the Annual SCB Photo Contest

FUNDRAISING UPDATES

- Split the work for this term into different roles!
 - Maddy will be handling EVENTS and SOCIALS
 - Jill will be handling MARKETING and SOCIAL MEDIA PRESENCE
 - Rachel will be handling SPONSORSHIPS and BUSINESS CONNECTIONS
- Photo contest planning starts now!

PHOTOS?**

Society for Conservation
Biology's
**PHOTO CONTEST &
SILENT AUCTION**

Submit your nature-themed photo for display in the Biosci Atrium, and win prizes! Bid on your favourite photos! All proceeds go to conservation & outreach

facebook.com/scbkingston

PHOTO CONTEST AND SILENT AUCTION

- How it works:
 - We will have a submission period for photos from Flora, Fauna, Landscape, Wildlife, and Taken by Children Under 12 categories
 - During a week of our choosing, the Biosci Atrium will be booked to showcase the submitted photos
 - People will bid on the photos throughout the week, and the highest bid will win the photo and be a donation to SCB
 - Photos will be judged by local naturalists and the 3 best photos will get a PRIZE from local business donations

2014 Landscape Winner

PHOTO CONTEST AND SILENT AUCTION

- Work to do:
 - Marketing
 - Advertise for photo submissions
 - Advertise for the silent auction week
 - Lock down some local naturalists who will do the judging
 - Sponsorship
 - Contact Camera Kingston to set up submission deal
 - Contact local businesses to get prize donations
 - Events
 - Book the Atrium for the chosen week
 - Set up/Take down displays during that week
 - Distribute photos and prizes

COOL OPPORTUNITY IN THE KINGSTON COMMUNITY

The Kingston Climate Change Symposium

Friday, January 19th @ 1:00 PM - 8:00 PM

\$10 -

Sustainable Kingston and the City of Kingston are partnering to host The Kingston Climate Change Symposium at the Grand Theatre on January 19, 2018. **This symposium aims to inspire action, showcase the latest developments in community-based climate initiatives, and strengthen existing community networks.**

The day will kick-off with a talk by David Phillips, Senior climatologist with Environment and Climate Change Canada and the former Vancouver, B.C. Chief Planner and thought-leader, Brent Toderian. Starting at 4 p.m., attendees are invited to explore the exciting and innovative initiatives happening right here in Kingston with a series of Ted-talk style speakers. The event features a keynote presentation by Dr. Roberta Bondar, Canada's first female astronaut, who will speak about the need for change, social responsibility, and the environment.

Tickets:

General Admission: \$25

Students: \$10

Subsidized tickets are available
