

# SOCIETY FOR CONSERVATION BIOLOGY

September 2024 Edition

## WELCOME TO THE SCB!

The Society for Conservation Biology is a local group committed to promoting environmental and conservation endeavors in the Kingston area. The society is composed entirely of volunteers from the community who meet weekly to discuss relevant current events, host guest speakers, and organize community outreach programs for which the SCB has become well-known

## HOW TO GET INVOLVED?

Come to our weekly meetings

Thurs @5 pm in the 4th floor

EEB lounge in BioSci

# OUR COMMITTEES

## SUSTAINABILITY AND ISSUES

Is responsible for the sustainability initiatives and conservation issues here on campus and throughout the community.

### Upcoming events:

- Beeswax wrap at October sustainability hub
- October newsletter: How nature improves mental health

## EDUCATION

Collaborates with schools in Kingston to present environmental conservation-based programming to local classrooms. Also involved with community outreach and organizing student-oriented events

### Upcoming events:

- Classroom programming starting in October
- Nature walk and Citizen Science
- Plant volunteer training night
- Guest Speakers

## FUNDRAISING AND OUTREACH

Focuses on fundraising events that will directly support SCBs initiatives, events, and donations towards different charities. We'll be raising money for our chapter so we can carry out several conservation projects that will benefit the whole Kingston community.

### Upcoming events:

- Sticker sale fundraiser
- Design Merch

## EDII ADVISOR

Aids in directing SCB's projects, events, and marketing in order to foster a friendly and inclusive environment inside SCB, strengthen our current connections with 4D, and assist in organizing EDII-focused seminars for members

### Upcoming events:

- BIPOC in the Field post series
- EDII workshops

## MARKETING

Oversees running SCB's social media accounts and producing interesting material that highlights the club's activities, projects, and awareness-raising campaigns

### Upcoming events:

- Create a SCB TikTok account
- Work with other committees to promote their events and initiatives

## GARDENING

Is responsible for Our Native Edible Garden and Native Pollinator Garden. They manage the garden's cleanups, assist in hiring the summer garden intern, host workshops centered around the garden, and promote gardening as a whole.

### Upcoming events:

- Design and install new signs for the garden
- Look into improving garden accessibility
